ltem	Assigned to	Due Date

	Notes		
Topic		Discussion	
1.	Call to Order/Approve Minutes	The meeting was called to order at 1:03 pm. The minutes from the August meeting were approved by a motion and a vote from the body.	
		 The President will give the Board of Directors a major update on our enrollment and some of our metrics of student success tomorrow during the main board meeting. All of our meetings are open to the Senate and all of the public. There will be an update on 10 or so large capital projects ongoing across campus. There is a Finance Committee resolution seeking the authority from the Board to look at building a new Central Utility Plant. We are seeking a public or private partnership to assist us in building some additional utility capacity across the campus, primarily serving the healthcare zone and the Martin Gatton College of Agriculture. We will be seeking permission from the Board to continue those conversations and go to market. We do that through a competitive process, where we put out various terms and conditions and ask the market to respond and to see if they want to. If they do business with the university and help accelerate our ability to do those projects additionally, sometimes that provides and brings equity. An update on a few key searches that are ongoing at the institution. Normally, we get a few questions around thse and speaking on behalf of the President, later today the President will be announcing the new acting Vice President for Research. Our research enterprise and a number of you work within that enterprise, has just been on an amazing ten-year run, during Dr. Cassis' time. We are moving to the next phase in the search for the Vice President for Land Grant Engagement and the Dean for the Martin Gatton College of Agriculture Good and Environment. On the healthcare side, we are finishing the search for a Senior Vice President and Chief Operating Officer. Another is the Executive Chief Medical Officer. We will be kicking off a couple of 	
		Dean searches. • Questions: o If we have a policy that we think needs to be reworked, what is the process for that? We want to be able to change the policy or be	
		engaged in the remaking of that policy. • There are 12 positions that report up tp the President, so it is encouraged that we use the

	Chain of Command that is in place now. Of, use the Staff Senate who has opportunities to come in front of PAC or the University Benefits Committee. A praise report. A Senator wanted to thank Chris Carney and his Community Engagement Committee and everyone who volunteered for Big Blue Move-In.
3. Trustee Report	No report
4. Guest Speakers:	 Dr. Turner is a staff member who serves as the Vice President of Student Success. She thanks us for our service and what we do day in and day out. Student Success is an umbrella organization at UK. It is President Capilouto's vision that there would be one office that was really dedicated from the moment a student decided to come to UK all the way through graduation. We have front-line support professionals which are everything from your mental health counselors to the campus recreation facilities to our student organization activities. We have over 700 student organizations and activities on campus. They serve all students, graduate, professional, and undergrad. There are approximately 300-350 full-time employees and student about 600-700 student workers. We are the largest student employer on campus. We consist of 5 or 6 areas under the Dean of Students, Dr. Tricia Clements. She and her team are within Student Success. They function closely with a lot of areas of campus but are dedicated to the kind of cocurricular and extracurricular opportunities for students. The use the concept, the student success conceptual framework putting the students in the center. Around this is academic success, financial stability, belonging/engagement, and wellness. They can tract specific information through all of these to assess how the student is doing or if they need to usher in a suite of services to help the student. Every Friday morning, they have a retention meeting which is open to campus, 10-11:30 am. We walk through what is happening to our students Question; Many years ago it was discussed about the non-traditional sent level and what direction to take. Are you still working on ways to help? It is coming. Just this week, we were working on a job description which will include this.
5. Officer Reports	 Acting Chair Marefat: As you are aware we did a straw poll with two questions, and this is the finalized data: Do you support changing the name of the "Diversity, Equity and Inclusion" (DEI) Committee to the "One Community" COmmittee? Yes: 90% with 95 votes; No 10% with 11 votes. Do you support temporarily removing the "Our Values and Commitment to Diversity, Equity and Inclusion" statement from teh Staff Senate website pending a revised statement

Date Created: 11/18/2024 4 of 6

Staff Senate	
	by the above committee at teh September 12 th main body session? Yes: 88% with 93 votes; No: 12% with 11 votes. There is a location change for the October main body session: Seay Auditorium in the College of Ag, North Building, 1 st floor. Our Staff Senate offices have moved to the 18 th floor of the Patterson Office Tower. Vice Chair Marefat: As a reminder, we are attempting to take questions in advance for all of our speakers so they can build those things into their presentations. Please send your questions to VC Marefat through the Friday before that speaker presents. Our next guest speakers will be Frederick Martin, Associate Vice

- Secretary Haynes:
 - Please remember for those in person to sign the sign-in sheet to record your presence.

President for Human Resources and Emily Curtsinger who is an HR Manager. If you have advance questions, send them by Friday,

- Treasurer Harper:
 - We have a budget of \$15,490 and we have spent \$2,541.17 for a Surface Pro for the Chair and name badges.
- Parliamentarian Larmour: no report

October 4th.

6. Committee Reports

- The items to be pulled from the Consent Agenda: One Community, Ad-Hoc Administrative Regulations. The Consent Agenda passed by approval of all Senators:
 - One Community; The committee has been tasked to update our values and commitment statement on our website, which we feel needs to be voted on by the body. Something that we do not feel needs a vote is to change the wording in our goals section from "embrace nurture and diversity" to "embrace the UK Strategic Plan principle of bringing together many people one community". Our old values and commitment to diversity, equity and inclusion statement on our "About Us" page was part of the straw poll, and this was taken down temporarily. The committee has reworded "Our Values and Commitment to Staff and the University Community", is as follows: "The University of Kentucky Staff Senate, as the democratically elected representatives of staff, upholds the values of integrity, shared governance, and partnerships across all areas of the University Community. We are dedicated to collaborative decision-making, ensuring every voice is heard and valued. In alignment with the university's' vision of being 'Many People; One Community,' we strive to cultivate a community where every individual feels welcomed, regardless of their background or perspectives. Core to that purpose is the idea that we are many people, who together, comprise one special community. We are committed to creating a workplace where collaboration and shared purpose drives us forward; where the unique and varied voices of all staff contribute to the ongoing growth and success of our institution. By championing empathy, mutual respect and understanding we aim to ensure that everyone at the University of Kentucky has the opportunity to thrive and contribute to our collective mission of advancing the Commonwealth. We are your senators and encourage all staff members to reach out to us as needed." A motion was made from the One

Date Created: 11/18/2024 5 of 6

	Community committee that we update the statement on the "About Us"
	page and grant whoever is updating the authorization to make any necessary grammatical and stylistic changes, A second was received by Senator Carroll. Senator Gibson opposed the motion. The motion was voted on by the main body. The results of the vote: 23 voted in favor of the motion in person and 70 on Zoom; there were 4 votes against the motion online. The motion carried. • Ad Hoc Administrative Regulations: In the committee's monthly meetings, they have been discussing a variety of topics but mainly discussing the review and updates to the administrative regulations. We have senators who are representing us in each workstream at the University level to review all of the Administrative Regulations. The committee received a list of everything that the Administrative is looking for, to be in all ARs for the shared governance bodies. They have been working closely with Bylaws and have agreed to merge the two. Senator Hahn has offered to step down as Chair of the Bylaws Committee if we vote to merge the two committees. The committee makes a motion to dissolve the Administrative Regulation Ad Hoc Committee in its current state and merge it with the Bylaws Committee to reform that committee. Senator Adams made a motion to approve with a second by Senator McCalla. An amendment motion was made by Senator Carroll to split the previous motion into two separate topics – one being the dissolution of the Aad Hoc committee and the other being the merging into a standing committee. Senator Miller seconded the motion. The amendment motion received 10 in person votes and 56 online votes for the motion; it carries. The new motion made is to dissolve the Administrative Regulation Ad Hoc Committee. The motion was moved by Senator Carroll with a second by Senator Miller. Point of clarification: If this motion carries to dissolve the Ad Hoc and the second part of the vote fails, the Executive Committee can assign those members to the Bylaws Committee. The motion is made to move the members of the now dissolved Administrative Reg
7. Items from the Floor	Senator Trudeau asked if anyone was being asked about, or hearing any information regarding, the proposed FLSA coming in January. Acting Chair Marefat explained that Emily Curtsinger from HR would be at our October meeting to discuss how this was going to happen at UK.
8. Adjournment	Senator Adams motioned to adjourn with a second by Senator Harper. The meeting was adjourned at 2:45 pm.
